

Serializable

```
graph BT; simulatorComponents_dotTypes[simulatorComponents.dotTypes] --> Serializable[Serializable];
```

A UML class diagram illustrating inheritance. At the top is a box labeled 'Serializable'. Below it is a box labeled 'simulatorComponents.dotTypes'. A blue arrow points from the 'simulatorComponents.dotTypes' box up to the 'Serializable' box, indicating that 'simulatorComponents.dotTypes' inherits from 'Serializable'.

simulatorComponents.dotTypes
